

SELLER'S PROPERTY DISCLOSURE

Under Maine Law, certain information must be made available to buyers prior to or during preparation of an offer. This statement has been prepared to assist prospective buyers in evaluating this property. This disclosure is not a warranty of the condition of the property and is not part of any contract between the Seller and any buyer. The Seller authorizes the Listing Broker in this transaction to disclose the information in this statement to other real estate licensees and to prospective buyers of this property. The Seller agrees to notify the Listing Broker promptly of any changes in the information and this form will be appropriately changed with an amendment date. Inspections are highly recommended.

NOTE: DO NOT LEAVE ANY QUESTIONS BLANK. WRITE N/A (NOT APPLICABLE) OR UNKNOWN IF NEEDED.

PROPERTY LOCATED AT: 22 Veronic Lane, Freeport,

SECTION I. WATER SUPPLY

TYPE OF SYSTEM: Public Private Seasonal Unknown
 Drilled Dug Other _____

MALFUNCTIONS: Are you aware of or have you experienced any malfunctions with the (public/private/other) water system?
Pump: Yes No N/A Quantity: Yes No Unknown
Quality: Yes No Unknown

If YES to any question, please explain in the comment section below or with attachment.

WATER TEST: Have you had the water tested? Yes No
IF YES: Date of most recent test: 2009 Are test results available? Yes No
To your knowledge, have any test results ever been reported as unsatisfactory or satisfactory with notation? Yes No
IF YES, are test results available? Yes No
What steps were taken to remedy the problem? _____

• IF PRIVATE:

INSTALLATION: Location: lower end of Park
Installed BY: Wardtown mobile Home DATE of Installation: unk

SECTION III. HEATING SYSTEM(S)/SOURCES(S)

Heating System(s)/Source(s)	SYSTEM 1	SYSTEM 2	SYSTEM 3	SYSTEM 4
TYPE(S)	FHA/oil			
Age of system(s)/source(s)	4-5 yr.			
Name of company that services system(s)/source(s)	Dallis Oil 2009			
Date of most recent service call	2009			
Annual consumption per system/source (i.e., gallons, kilowatt hours, cord(s))	Apr-Sept 1/4 tank			
Malfunction per system(s)/source(s) within past 2 years	None			
Other pertinent information	None			

Buried Oil Supply Line: Yes No Unknown Sleved: Yes No
 Chimney(s) Lined: Yes No Unknown Age: NONE Last Cleaned: N/A
 Is more than one heat source vented through one flue? Yes No Unknown Had a chimney fire: Yes No Unknown
 Has chimney been inspected? Yes No Unknown; If Yes, when: _____
 COMMENTS: _____

SECTION IV. HAZARDOUS MATERIAL

The licensee is disclosing that the Seller is making representations contained herein.

A. UNDERGROUND STORAGE TANKS - Current or previously existing:
 Are there now, or have there ever been, any underground storage tanks on your property? Yes No Unknown
 IF YES: Are tanks in current use? Yes No
 IF NO above: How long have tank(s) been out of service? _____
 What materials are, or were, stored in the tank(s)? _____
 Age of tank(s): _____ Size of tank(s): _____
 Location: _____
 Have you experienced any problems such as leakage? _____
 Are tanks registered with the Dept. of Environmental Protection? Yes No Unknown
 If tanks are no longer in use, have tanks been abandoned according to D.E.P.? Yes No Unknown
 Comments: _____

B. ASBESTOS - Current or previously existing:
 • as insulation on the heating system pipes or duct work? Yes No Unknown
 • in the siding? Yes No Unknown • in the roofing shingles? Yes No Unknown
 • in flooring tiles? Yes No Unknown • other: _____ Yes No Unknown
 IF YES: Source of Information: _____
 COMMENTS: _____

C. RADON/AIR - Current or previously existing:
 Has the property been tested? Yes No Unknown
 IF YES: Date: _____ By: _____
 Results: _____ If applicable, What remedial steps were taken? _____
 Has the property been tested since remedial steps? Yes No Unknown
 Are test results available? Yes No Results & Comments: _____

D. RADON/WATER - Current or previously existing:
 Has the property been tested? Yes No Unknown
 IF YES: Date: _____ By: _____
 Results: _____ If applicable, What remedial steps were taken? _____
 Has the property been tested since remedial steps? Yes No Unknown
 Are test results available? Yes No Results & Comments: _____

E. LEAD-BASED PAINT/PAINT HAZARDS - Current or previously existing: (Note: Lead-based paint is most commonly found in homes constructed prior to 1978; See EPA Disclosure brochure/form and Maine Lead Warning for more information)
 Is there now or has there ever been lead-based paint and/or lead-based paint hazards on the property? Yes No Unknown
 Unknown but possible due to age
 IF YES, describe location and the basis for the determination: _____
 Do you know of any records or reports pertaining to such lead-based paint or lead-based paint hazards: Yes No
 IF YES, describe: _____
 Are you aware of any cracking, peeling or flaking paint? Yes No
 COMMENTS: _____

IF YOU WORK WITH CCA WOOD

- NEVER burn CCA wood.
- Wear gloves when handling CCA wood
- Wear a dust mask when sanding or cutting CCA wood
- Don't work with CCA wood in an enclosed area (like a garage)

Apply a coating to seal the wood every 1-2 years

Does Your New Home Have Arsenic (CCA) Treated Wood?

About half of all Maine homes have a deck, or playground or some other structure that is made of wood treated with arsenic. This wood is called "CCA pressure-treated wood" or just "pressure-treated" wood. The wood was treated with arsenic to protect against rot and insects.

Too much arsenic can cause cancer. So it is good to prevent arsenic getting into your body when you can. When you touch wood treated with arsenic, you can get arsenic on your hands. The arsenic on your hands can get into your mouth if you are not careful about washing before eating. Young children are most at risk because they are more likely to put their hands in their mouths. The good news is that there are simple things you can do to protect yourself and your family from arsenic treated wood. This fact sheet will tell you how.

Children touching unsealed treated wood, and then putting their hands in their mouths is the biggest concern.

First: Does your house have arsenic treated (CCA) wood?

When arsenic treated wood is new, it tends to have a greenish tint. When CCA wood is older, it is harder to tell. Ask your realtor if the seller knows whether CCA wood was used. You can also test the wood to find out if it contains arsenic. Call us to find out how.

Second: If so, reduce contact with the arsenic.

You can lower the amount of arsenic on the surface of the wood by applying a coating on the wood every 1-2 years. Oil-based sealants, varnishes, or polyurethane work best for sealing arsenic in the wood. Be sure to wash your children's hands when they finish playing on or near CCA wood.

Third: If you have any questions, call us toll-free in Maine: 866-292-3474

Common Questions

What is CCA wood?

CCA wood is made by dipping the wood in a mixture of chemicals. These chemicals include chromium, copper, and arsenic. This protects the wood against insects and rot. This wood is known as CCA wood or "pressure treated" wood. Most pressure treated wood in the U.S. is CCA wood. After December 31, 2003, no more CCA wood will be made for use around homes. CCA wood may still be sold for home use until April 1, 2004 in the state of Maine.

What is Arsenic?

Arsenic is found in soil and rocks. Most people get a little arsenic every day from the food they eat. Also, some people have arsenic in their private wells, which is why it is important that anyone with a well have it tested for arsenic. People who are exposed to too much arsenic over many years are more likely to get cancer.
